Contact 9962360444 for the details of this CODEBUDS Curriculum

2. Cognitive Learning Program (CLP):

What is CLP?

Cognitive Learning is natural to your child. Instead of focusing on memorization, cognitive learning uses logic to build upon previous ideas. Students are encouraged to make connections to material being learned –throughout their classes, they effectively re-wire their brain, becoming stronger students.

Students will learn:

- **MIND MAPPING**
- **ENGLISH GRAMMAR**
- **BASIC MATH**
- **CODING & DECODING**
- **DATA HANDLING**

### 3. DRAWING:

Let us create Artists from your home ^\_^

3 levels:

- BASICS
- INTERMEDIATE
- ADVANCED

Each level will be done step by step. You can take direct Intermediate/advance level if you are already good with the foundation.

### 2.4. CHESS:

3 levels:

- BASICS
- INTERMEDIATE
- ADVANCED

Each level will be done step by step. You can take direct Intermediate/advance level if you are already good with the foundation.

Fit your **learning** around your work and home life.

- You get to decide exactly when and where you study.
- You can gain a degree from anywhere in the world.
- **Distance learning** courses often cost less than full-time degrees.
- **DIPLOMA/UG/PG COURSES UNDERTAKEN ^\_^**
